Pavise Capital Management Announces New Chief Operating Officer

Mahwah, NJ – Pavise Capital Management LLC (“Pavise”) announced today the appointment of a new Chief Operating Officer, Rajpal Arulpragasam.

Mr. Arulpragasam brings nearly three decades of experience in the alternative investment industry to Pavise. He has operated a series of successful hedge funds across a variety of asset classes, beginning with Archetype Risk Advisors, Inc. (“ARA”) in 1992 and including Arktos LLC, in which he partnered with renowned short seller Jim Chanos to create a market-neutral fund to isolate and deliver short alpha. He will provide expertise in asset growth, strategic development, and operational efficiency to Pavise as it continues to grow.

“Pavise is a terrific firm running a very differentiated strategy that is a compelling choice in the current market environment,” said Mr. Arulpragasam. “Having operated ARA for the past three decades, I am thrilled to now be joining Pavise, and I am really looking forward to being an important part of Pavise’s continued expansion.”

In addition to his experience with ARA and Arktos, Mr. Arulpragasam also worked at Mariner Investment Group as a portfolio manager and product specialist. Mr. Arulpragasam’s ARA, which he launched in 1992, was one of the first CTA firms to raise significant institutional AUM. Mr. Arulpragasam’s educational background includes a bachelor of science degree in mathematics from the Massachusetts Institute of Technology, followed by graduate studies in the field of operations research at Stanford University.

“We are delighted to have Rajpal on our team,” said Pavise co-founders Ben Lo and Kevin Lo. “His experience as a hedge fund executive who has managed several large funds across multiple asset classes will undoubtedly further strengthen our operational infrastructure and spur the growth of our firm.”

Pavise’s strategy centers on rigorous fundamental research to identify long-term trends with short-term catalysts that have the potential to generate high risk-adjusted returns. Pavise’s approach involves thorough and continuous analysis of public company information to anticipate shifts in competitive dynamics, business strategy, and market sentiment over time. Pavise recently entered into a strategic acceleration partnership with a Texas-based multi-strategy firm, Satori Capital, through the Satori XL program.

About Pavise

Based in Mahwah, New Jersey, Pavise Capital Management LLC was founded in 2011 by Ben Lo and Kevin Lo.
